COMBINE YOUR POWER WITH  
**— HIGH PROFITABILITY**

# ABOUT US

**With innovative software solutions that we brought into both of sectors; tourism and aviation, we strive to add value to the brands of our clients.**

We used the experiences we gained by working shoulder to shoulder with tour operators, travel agencies and consolidators for 20 years in order to add value to the businesses of our partners and create everlasting success stories.

Today, we continue to facilitate the work of our clients by keeping track of ever-developing technology. With the advantages presented by TURSYS, we create new advantages to support businesses in reaching high efficiency rates.

## Why TURSYS

With our web-based applications, wherever there is an internet connection, we are right by your side.

We provide support 7/24 with our professional technical team.

We present user-friendly, advanced and effective backoffice services.

We provide easy and effective GDS and XML integration with Tursys Pool.

We keep track of the latest technological advances and use this information in the architecture of web/mobile apps.

With modular programming architecture, we provide the opportunity to develop a system that is in line with the needs.

We develop solutions that are in line with the Software as a Service (SaaS) working model.

# MEET YOUR TARGET MARKET EASILY WITH CONSOLIDATOR ONLINE RESERVATION SOLUTIONS

Our priority is to bring together business partners with their customers to achieve most accurate results through most convenient alternatives. The system we developed for consolidators fully reflects that. While our clients are getting an efficient and reliable service, the intelligent pricing system which we use, distributes the requested transactions through sales channel (B2B - B2C) effectively and quickly.

## **Profitability: Rising with technology**
